

The background is a rich tapestry depicting a landscape. It features large, gnarled trees with dense foliage in shades of orange, yellow, and brown, suggesting an autumn scene. A river or stream flows through the center of the landscape, reflecting the light. The foreground is filled with various plants and flowers, including what appear to be lilies and other wildflowers. In the world of textile design, a ramage denotes a motif of branches and flowers — an apt name for this décor in a Japanese drawing style, where birds of paradise hide playfully among lush foliage. The luxurious jacquard textile lends the composition a classical, enduring elegance.

Décor

# COLLINES

The Collines décor is derived from an authentic 18th-century tapestry from Aubusson. Its abstract botanical motif is distinctly timeless, making it perfectly suited to contemporary interiors while preserving the charm of its historic origins.
